

About the College

Krishnasamy College of Education for Women (KCEd) was established in the academic year 2005-2006 catering to the needs of Teacher Education for Women. This college provides education, especially for down trodden, socially and economically backward women.

KCEd is situated in the south edge of French tradition based Union territory of Puducherry. It is in the midst of rural village named as Manapattu, of the Bahour Commune. It is a hop away from the south gate way of Puducherry and the east sea coast. It is in the East Coast Road.

The Institution has been dedicating itself to the service of society by educating and preparing professionally qualified secondary level teachers for the last eight years.

The College is affiliated to the University of Pondicherry, recognized by the National Council for Teacher Education and accredited with 'B' Grade by NAAC. The College is also recognized by under UGC 2(f) status. It is one of the best institutions under the umbrella of the prestigious Sri Subbulakshmi Krishnasamy Reddiar Educational Trust in Cuddalore.

The College has a good record of excellence and reputation and has a strong commitment to address to the needs arising from a dynamic and rapidly changing society.

The college is functioning with all infrastructural facilities, state-of-art computer laboratory, well-equipped library and other subject laboratories for Bio-Science, Physical Science, Language, Psychology, Work Experience and Educational Technology. The sports facilities and hostel facilities are available separately for women.

About the Seminar

Values are regarded as desirable, important and held in high esteem by a particular society in which a person lives. Thus values give meaning and strength to a person's character by occupying a central place in ones life. Values reflect one's personal attitudes and judgements, decisions and choices, behaviour and relationships, dreams and vision. They influence our thoughts, feelings and actions. They guide us to do the right things.

The present education system provides opportunities for the development of value system. The theoretical value, social value, moral value. political value aesthetic value, economic value and religious value should be developed in the balanced way. But unfortunately at present theoretical value, political value and economic value are given important than other values. Today, we can notice the degradation of social and moral values. The perception of these values by the youth of today may or may not be the same of the old person.

Therefore, there is a need to know the perception of value of college students, their role models for values, the mode of acquiring values and the practical suggestion to inculcate values and they should be deliberated and suitable conclusion should be arrived.

In this globalised economic world value inculcation is essential to achieve global peace and prosperity. Therefore, we request all the paper presenters to write highly practical paper for deliberation and valuable contributes.

SUB THEME

1. Perception of values by college students.
2. Role Models for value inculcation
3. Modes of acquiring values through life experience.
4. Suggestion to inculcate values.

PARTICIPANT

Thematic and research papers with empirical evidences are invited from Teacher Educators, Research Scholars, School Teachers and all the Students studying in Arts and Science, Engineering, Medical, B.Ed., colleges and in the University Departments.
