NATIONAL SEMINAR

ON

ACHIEVING SUSTAINABLE CLEAN INDIA
THROUGH EDUCATION

26.03.2015

ABOUT THE COLLEGE

Krishnasamy College of Education for Women (KCEd) was established in the academic year 2005-2006 catering to the needs of Teacher Education for Women. This college provides education, especially for down trodden, socially and economically backward women.

KCEd is situated in the south edge of French tradition based Union territory of Puducherry. It is in the midst of rural village named as Manapattu, of the Bahour Commune. It is a hop away from the south gate way of Puducherry and the east sea coast. It is in the East Coast Road.

The Institution has been dedicating itself to the service of the society by educating and preparing professionally qualified secondary level teachers for the last nine years. The College is affiliated to the University of Pondicherry, recognized by the National Council for Teacher Education and accredited with 'B' Grade by NAAC. The College is also recognized by UGC with 2(f) status. It is one of the best institutions under the umbrella of the prestigious Sri Subbulakshmi Krishnaswamy Reddiar Educational Trust in Cuddalore.

The College has a good record of excellence and reputation and has a strong commitment to address the needs arising from a dynamic and rapidly changing society.

The college is functioning with all infrastructural facilities like state-of-art computer laboratory, well-equipped library and other subject laboratories for Bio-Science, Physical Science, Language, Psychology, Work Experience and Educational Technology. The sports facilities and hostel facilities are available separately for women.

SUB THEMES :

1. Clean India through Curricular Activities.
2. Clean India through Co - curricular Activities.
3. Clean India through Extension Activities.

ABOUT THE SEMINAR

India is a land where nature is worshipped in various forms. The Pancha Boodhas - Earth, Water, Air, Fire and Space are worshipped through various festivals. Today, everyone realizes the importance of nature and natural resources. The population growth, compulsion for industrial growth and urbanization and unplanned transportation development are a few causes which are disturbing the Mother Nature.

At present, Indian rivers are polluted. The cities and urban areas are polluted with plastics and other non-degradable materials. The industries, outdated transport systems, and burning of waste materials by the people are causing pollution. We, the people throw the waste materials in the streets, use vacant places as toilets, spit in the public places and affect cleanliness in India through other irrational attitude.

When India is planning to achieve double digit economic growth through '**MAKE IN INDIA**' slogan the people should realize the importance of "**CLEAN INDIA**".

The launch of "**Clean India**" program aims to achieve cleanliness in all aspects through the attitudinal change and participation of the people. The program can be a successful one if the Educational Institutions work in unison with the government. The Clean India program can be achieved through Curricular, Co-curricular and Extension Activities. In order to generate thoughts, ideas and suggestions in connection with the sub-themes with the ultimate aim of developing values to achieve cleanliness and a harmonious nation we invite you to contribute your views liberally to maintain **Sustainable Clean India**. The proceedings of the seminar can be a valuable document to the Educational Planners, Policy Makers, Administrators, Teachers, Parents, Students and Society in general.

PARTICIPANTS

Thematic and research papers with empirical evidences are invited from Teachers in Schools, Colleges, and Universities, Research Scholars, Educational Administrators, Academicians and all Students in Higher Education (Arts & Science, Engineering, Medical, Education and Physical Education).
